CORRUPTION AND THE DECLINE OF ROME

Ramsay MacMullen

"All students of history must welcome this wide-ranging book from so eminent an authority. MacMullen's knowledge of the ancient evidence is encyclopedic and his deceptively casual style and deliberate avoidance of technical terms make this an accessible and stimulating book for the general reader as well as for the specialist."

— *International History Review*

"MacMullen's book is excellent: rich and learned in detail, lively in style, and in argument and insights highly stimulating."
